This document is to confirm that the VICTREX products detailed above have been shown through type testing to meet the criteria of 'non-halogenated' as defined in the International Electrochemical Commission's (IEC) standard - IEC 61249-2-21.

Table 1: Non-halogenated limits per IEC 61249-2-21

Maximum Totals of Halogens	≤ 1500 ppm (0.15%)
Total Chlorine content	≤ 900 ppm (0.09%)
Total Bromine content	≤ 900 ppm (0.09%)

Notes:

1. The products indicated under this note are manufactured by **Victrex Manufacturing Limited** in the UK or by **Victrex High Performance Material (Shanghai) Co., Ltd** in China.

Please refer to the specific Stock Keeping Unit (SKU) or 'Batch number' on the certificate of analysis (CoA) to indicate the product grade manufacturing location. All other products referenced in this statement are manufactured by Victrex Manufacturing Limited.

This information is provided "as is". It is not intended to amount to advice. Use of the product is at the customer's/user's risk. It is the customer's/user's responsibility to thoroughly test the product in each specific application to determine its performance, efficacy and safety for each end-use product, device or other application and compliance with applicable laws, regulations and standards. Mention of a product is no guarantee of availability. Victrex reserves the right to modify products, data sheets, specifications and packaging. Victrex makes no warranties, express or implied (including, without limitation, any warranty of fitness for a particular purpose or of intellectual property non-infringement) and will not be liable for any loss or damage of any nature (however arising) in connection with customer's/user's use or reliance on this information, except for any liability which cannot be excluded or limited by law. This document may be modified or retracted at any time without notice to the customer/user.
